It has been a privilege for me, in the past 26 years, to see my hobby develop into a business. My love for the B-Westerns and Serials is such that I will not jeopardize it in any way. If you find a title that you feel violates a copyright law, or belongs to you, please make me aware of the situation immediately. It will be researched and corrected if necessary. Our list is used for record-keeping purposes, as well as sale and trade.
